In a significant milestone in its 33-year history, Eric Salmon & Partners, a distinguished global executive search, leadership advisory, and board services firm, proudly announces its B Corp certification. This achievement underscores the firm's unwavering commitment to sustainability, responsible business practices, and ethical leadership.

Far from adopting a traditional corporate tone, Eric Salmon & Partners is embracing a genuine and passionate message, aligning with the shared values of its partners, clients, and employees. The firm recognizes the growing enthusiasm for progressive and forward-thinking businesses that prioritize people, planet, and profit.

The B Corp certification, internationally recognized for its stringent standards in social and environmental performance, transparency, and accountability, positions Eric Salmon & Partners among a select group of global businesses dedicated to making a positive impact on society and the planet.

Raoul Nacke, CEO of Eric Salmon & Partners, emphasizes the strategic significance of the B Corp certification, stating, "We believe that leadership goes beyond achieving financial success; it encompasses social and environmental stewardship. Becoming a B Corp reflects our deep commitment to sustainable leadership and ESG excellence. We are honoured to be part of a global movement that is redefining business success and creating a better future."

As a trusted partner, Eric Salmon & Partners is committed to assisting businesses, both B Corps and non-B Corps, in achieving their ESG goals.
